Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133).
- Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Sp cification

1. The abstract of the disclosure filed on 04/19/00 is objected to because it does not exist on a separate sheet. Correction is required. See MPEP § 608.01(b).

Information Disclosure Statement

2. The information disclosure statement filed on 04/27/01 has been considered and placed in the file.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 21-30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The recited "hydrolysis-sensitive fungicidal active compounds" per claims 21, 26, 28 and 38 constitutes indefinite subject matter as per said phrase engendering a redundancy.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

5. Claims 21-30 are rejected under 35 U.S.C. 102(b or e) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Metzner et al or Ludwig et al as per reasons of record per paper no. 4, 12/21/00, paragraph no. 5.

Response to Arguments

6. Applicant's arguments filed 04/26/01 have been fully considered but they are not persuasive.

~~Relative to Metzner and Ludwig et al~~—It is urged and maintained that the aqueous systems of both Metzner et al and Ludwig et al overlap in scope with the claimed aqueous system. It appears that Counsel is arguing criticality for limitations not even in the claims such as a binder combination, concentrations of components, etc. While Counsel argues that neither Metzner et al nor Ludwig et al disclose each and every element of the claimed invention, it is urged that quite the contrary, patentees do. Even if it turns out that the Examiner has somehow missed the boat, it would have been obvious to one of ordinary skill in the art to extrapolate the aqueous system, as claimed, from either of patentees as per such having been within the purview of patentees' general disclosure and with a reasonable expectation of success.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
